

# NEVADA Housing Coalition

## 2026 Membership Packet

**Mission:** To promote the development and preservation of affordable housing for all Nevadans through collaboration, education, and advocacy.

**Vision:** A Nevada where all residents have access to an affordable place to call home.

### Home Means Nevada and Every Nevadan Deserves a Home

Nevada has the country's most severe shortage of rental homes affordable and available to its extremely low-income households. This lack of affordable housing creates a severe cost burden on residents leading to housing instability and forcing households to choose between rent and groceries, transportation, utilities, medical care, and other necessities.

**86%** Extremely low-income Nevadans paying more than half of their income on rent

**-77,928** Shortage of rental homes affordable and available for extremely low-income renters

**17** Affordable rentals available for every 100 extremely low-income households

**\$68,507** Annual household income needed to afford a 2-bedroom rental home in Nevada

## MAKE AN IMPACT BECOME A MEMBER TODAY
